INFORMATION DISCLOSURE STATEMENT

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

SIR:

Pursuant to the terms of 37 CFR §§1.56, 1.97 and 1.98, and in compliance with the guidelines for Information Disclosure Statements set forth in M.P.E.P. §609 and in the Commissioner's Notice of April 20, 1992 (published in the Official Gazette of May 19, 1992, 1138 TMOG 39-43), applicant is submitting herewith, on the attached Form PTO/SB/08A (1 sheet), a listing of fourteen (14) documents, including nine (9) U.S. patent documents, designated AA-AI, and five (5) foreign patent documents, designated AJ-AN, respectively, all containing information for consideration by the Examiner, together with a legible copy of each the documents listed.

Since each of documents AA-AI submitted herewith is written in the English language, no concise explanation of their relevancy is required, as pointed out in 37 CFR §1.98(a)(3)(i) and in section A(3) of the above-mentioned Commissioner's Notice. However, documents AJ-AN (two Chinese patent documents, a European patent document written in French, a French patent document and a published International patent document written in French, respectively) are *not* in the English language, and accordingly, documents AJ-AL are accompanied by full English translations thereof, while each of documents AM and AN is submitted herewith accompanied by an English-language abstract, the latter constituting the required concise explanations of the relevancy of documents AM and AN.

Inasmuch as the subject application has not yet received a first Office Action on the merits, the information being presented herewith is believed to be timely filed pursuant to 37 CFR §1.97(b)(3); moreover, no fee is deemed necessary in connection with the filing of this communication.

None of the information presented herewith is believed to be adverse to the patentability of the present invention. Nevertheless, it is requested that this information be made of record and considered in the examination of the above-identified patent application.

Respectfully submitted,
